

INTERNATIONAL ASSOCIATION FOR DENTAL RESEARCH

Organized: New York City, December 10, 1920. Of those at the meeting of Organization, the following remains an active member: Leuman M. Waugh.

Objects (Const., Art. II): The association has been established to promote broadly the advancement of research in all branches of dental science and in the related phases of the sciences that contribute directly to the development of oral health service, and as a whole; and, further, to encourage and facilitate co-operative effort and achievement by, and mutual helpfulness among, investigators in all nations in every division of stomatology to the end that dentistry may render cumulatively more perfect service to humanity.

Membership: Total, March 1, 1968, 2,438.

Eligibility.—Individuals who are engaged or interested in advancing the various aspects of dental science and dental research are eligible for membership in the International Association for Dental Research, provided they conform to the recognized standards of professional ethics.

Election.—Nominations for membership may be made by two members in good standing. Associate membership in a division, section, or group does not confer membership in the Association. Nomination forms may be obtained from the Secretary-Treasurer, International Association for Dental Research, 211 East Chicago Avenue, Chicago, Illinois 60611.

Endowment fund of the IADR for the Journal of Dental Research, as of October 9, 1967, \$4,502.70.
