

CONTENTS

December 1981, Vol. 60, No. 12

CLINICAL SCIENCE

- 1922 The Kinetics of Mineralization of Human Dentin *in vitro*—P.G. KOUTSOUKOS and G.H. NANCOLLAS
- 1929 The Relation of Stimulated Salivary Flow Rate and pH to Lactobacillus and Yeast Concentrations in Saliva—T. PARVINEN and M. LARMAS
- 1936 Comparison of *Streptococcus mutans* Concentrations in Non-banded and Banded Orthodontic Patients—J.A. CORBETT, L.R. BROWN, H.J. KEENE, and I.M. HORTON
- 1943 Fluoride Uptake from *in situ* Brushing with a SnF₂ and a NaF Dentifrice—M.J. MOBLEY
- 1949 A 30-month Clinical Evaluation of the Influence of Finishing and Size of Restoration on the Margin Performance of Five Amalgam Alloys—R.F. BIRTCIL, Jr., R.B. PELZNER, and M.M. STARK

MATERIALS SCIENCE

- 1957 Characterization of Composite Resins by NMR and TEM—H. VANKERCKHOVEN, P. LAMBRECHTS, M. van BEYLEN, and G. VENHERLE
- 1966 Marginal Adaptation of BIS-GMA-based Composites Containing Various Diluents—G.M. BRAUER, D.M. DULIK, H.N. HUGHES, K. DERMAN, and N.W. RUPP
- 1972 Thermal Diffusivity in Finite Cylindrical Specimens of Dental Cements—D.C. WATTS and R. SMITH

BASIC BIOLOGICAL SCIENCES

- 1977 Epidermal Growth Factor and Proliferation of Odontogenic Cells in Culture—N.E. STEIDLER and P.C. READE
- 1983 The Effect of Herpes Virus Infection on the Membrane Potential of Parotid Acinar Cells—R.J. WEIGEL, M.E. FRITZ, and A.J. NAHMIA
- 1987 Characterization of Calcifiable Proteolipid from *Streptococcus mutans*—J.L. STRECKFUSS, J.J. VOGEL, and L.R. BROWN
- 1993 Yield Point of Monkey Mandible—M. REITZIK, E. SCHMIDT, and R.G. BUTTERS
- 1996 Index to Volume 60, 1981

Announcements, 1935, 1971, 1982, 1995
